

New Card issuers

All4trucks is happy to announce that the following card issuers are using the All4Trucks site for selling fuel: UTA, DKV, Shell, ReD, CSC, Lomo, M-Oil, Morgan Fuels. Given the average price benefit of Calais versus the UK of almost € 0,20 for diesel, volumes are increasing. All4Trucks offers not only the most secure location for purchasing diesel, Adblue and Dyed gasoil close to the channel crossing, with trucks not being exposed to immigrants and the likes during fueling, but also the most efficient one ensuring no waiting cues and highest volume distribution per dispenser. *The various fuel card issuers each individually set a sales price at the All4Trucks Calais site, and the price differential of almost € 0,20 is based on Calais averages versus UK. Price differential between Belgium and France currently are minimal and normally do not justify an additional stop. Fuel prices shown on the pumps at All4Trucks are for indicative purposes only and are usually higher than the final transaction price paid by the customer to the card issuer.*

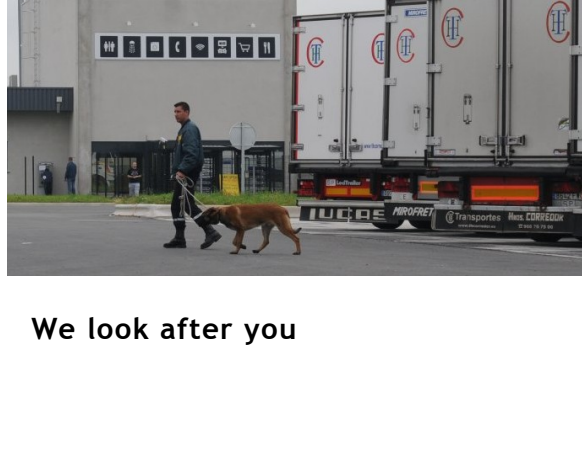

A new approach towards secured truck sites in Europe

Newsletter Highlight

- New card issuers
- Enlarged Parking

More than 300 secured parking places

We look after you

The secure parking was enlarged from 150 to 310 mid December and was fully utilized during the holiday season. We do anticipate further construction works in Spring but will do our utmost to minimize inconveniences for our customers. The service level was increased by installing on line information screens in the building displaying actual Eurotunnel departure information, improving traffic flows between the parking and Eurotunnel .
